

Recognition of Prior Experiential Learning (RPEL)

OVERVIEW

Allocated under RMK12 funding to enable Malaysian workers with secondary education (or lower) to be recognised for their competencies based on standards determined by the Department of Skills Development (DSD) or any equivalent certificate.

OBJECTIVES

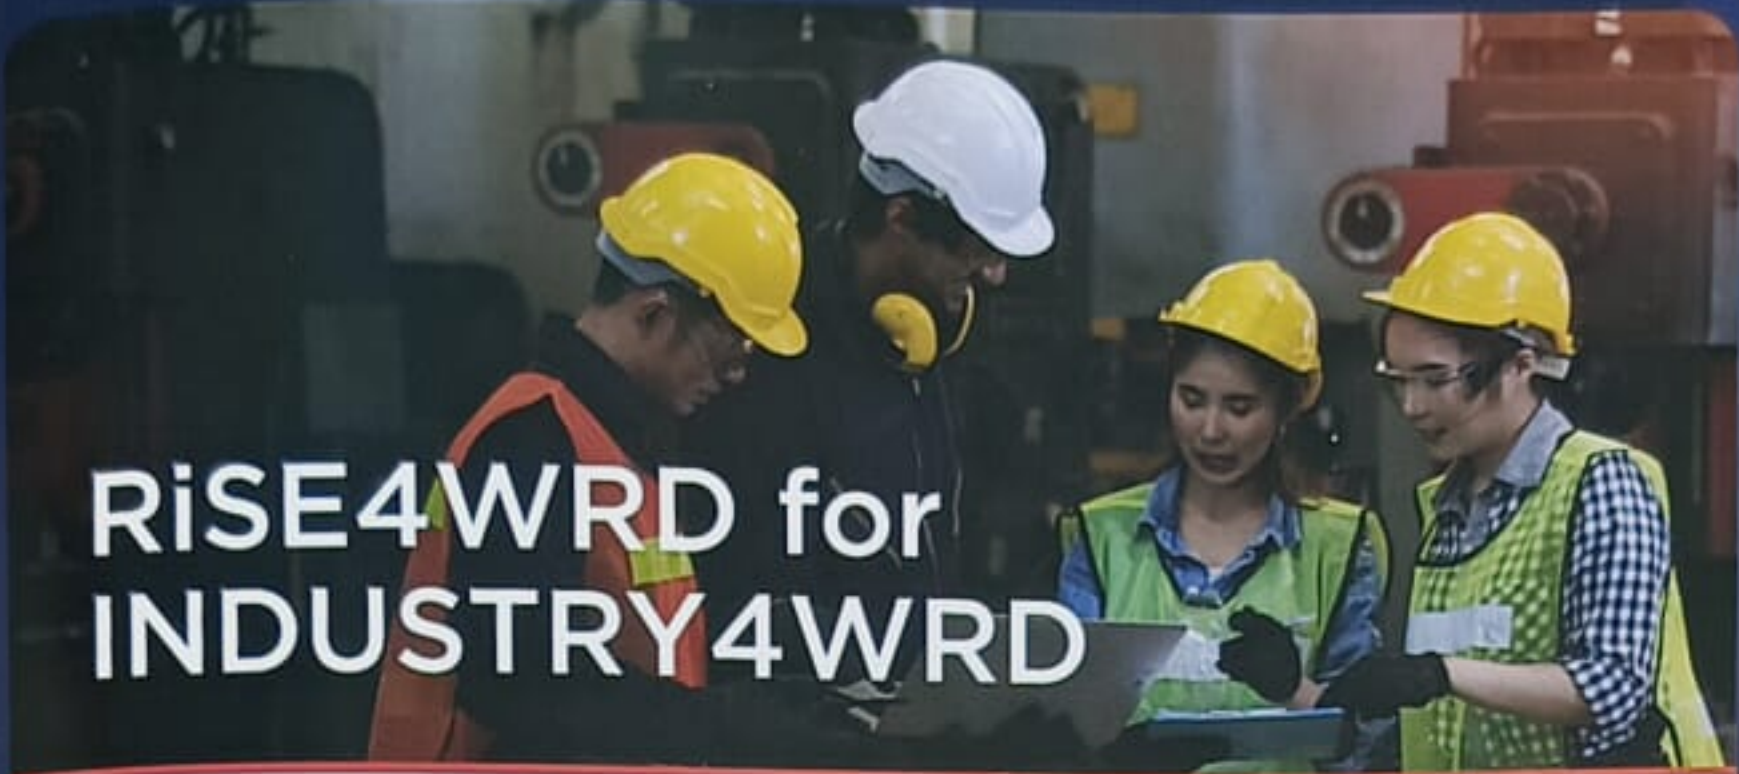

- Produce trained and qualified skilled workers who can enhance the competitiveness of local industries in the global market.
- Improve average monthly income of workers, thereby supporting Malaysia's goals of becoming a developed and high-income nation.

TARGET GROUPS

- Individuals with qualifications below a diploma or Level 4 or its equivalent.
- Individuals with relevant years of experience as determined by the relevant certification bodies.

ASSISTANCE

- RM1,300 per trainee under Pengiktirafan Pertauliahahan Terdahulu (PPT) endorsement certification by the Skills Development Department (JPK).
- RM1,000 and subject to the fee charged by certification body (per trainee) and endorsement of certification by the selected certification body.

RiSE4WRD for INDUSTRY4WRD

OVERVIEW

Supports the national IR4.0 policy by providing a platform for manufacturing SMEs and related services which have undertaken the Readiness Assessment (RA) to train employees with knowledge and skills prior to high technology adoption.

OBJECTIVES

- Help SMEs fund training programmes identified through the Readiness Assessment and Training Needs Analysis.
- Ensure employees in SMEs are ready for technology adoption.

TARGET GROUPS

SME employees from the Manufacturing sector.

ASSISTANCE

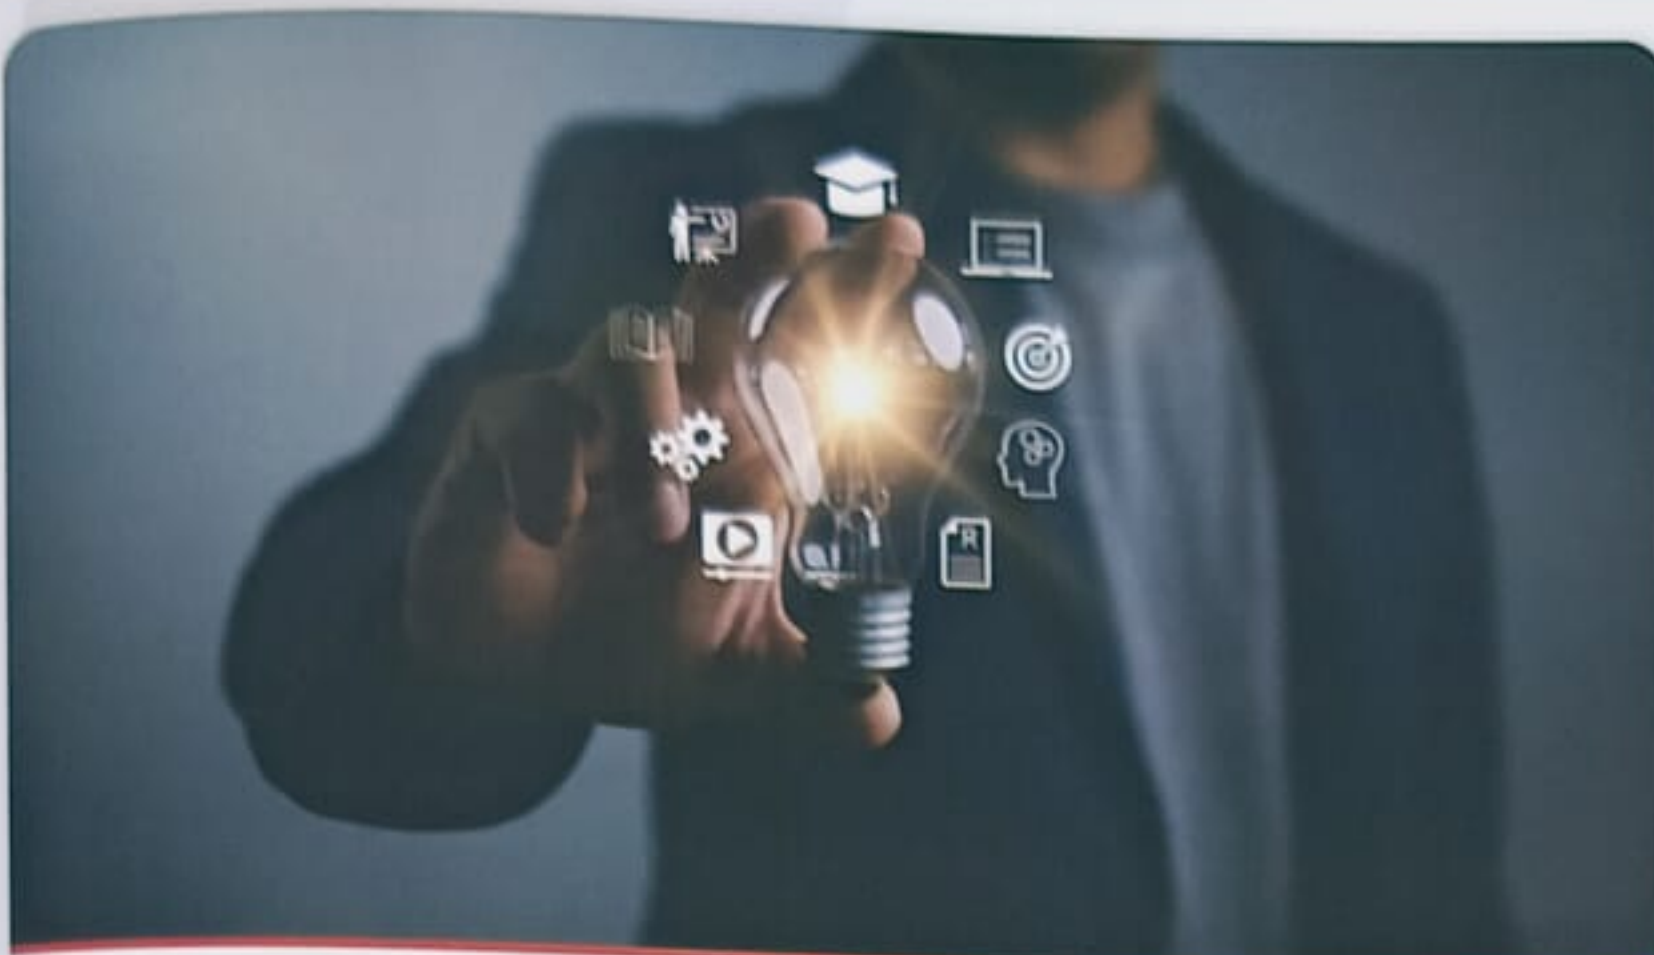

RM **25,000**

per SME

New Programmes & Strategic Initiatives

06

Overview

As part of the expansion of HRD Corp's role and responsibilities in 2021, we started introducing new programmes and strategic initiatives to serve more Malaysian talents and organisations. These programmes go beyond funding training and development courses alone, to helping individuals identify and secure jobs and placement opportunities and participate in entrepreneurship and income generation activities.

Beyond that, we also provide opportunities for individuals to embrace learning and development programmes from multiple platforms and embark on non-conventional education pathways and career trajectories. These are all geared towards realising our vision for Malaysia, to ensure that every individual is trained and employable and that all Malaysians are capable of embracing lifelong learning and personal development.

HRD CORP PLACEMENT CENTRE (HPC)

OVERVIEW

A one-stop virtual portal that provides employment and income-generating opportunities to Malaysians through job matching and placement, training and development, as well as career counselling and coaching.

Employers can also use this portal to find the right candidates to fill immediate vacancies.

TARGET GROUPS

Individuals

Employers

Strategic Partners

National Human Resource Centre

NATIONAL HUMAN RESOURCE CENTRE (NHRC)

OVERVIEW

HRD Corp's very own think tank, established to provide strategic and operational HR competencies support for Malaysian industries.

The NHRC has also been tasked with developing and influencing HR policy-making, thereby supporting the national agenda of raising the competitiveness of Malaysian industries on the international stage.

Industry Publications & Events

Promote knowledge sharing, idea generation and discussions through online and offline platforms (newsletters, website, mainstream media etc).

Expert Advisory & Engagement

Identify industry experts, organise focus groups, and create a central repository of HR knowledge and expertise.

Partnership & Networking

Collaborate with like-minded organisations (local and international), to share best HR practices and seek solutions to common challenges related to human capital development.

Policy Support & Development

Initiate research on HR issues and provide insights and support to policymakers and practitioners.

TARGET GROUPS

HR Industry Professionals

Employers and Businesses

Government and Policymakers

ACHIEVEMENTS TO DATE

- Launched Malaysia's first joint Human Resources Certification Programme with the HR Certification Institute® (HRCI).
- Published the Flexible Work Arrangement (FWA) study with strategic recommendations for employers and employees.
